TNHA is kicking off our 6 Village Housing Needs Assessment tour with Wainwright. With your community's feedback and guidance, TNHA will be developing comprehensive insights regarding the current housing needs in your community and will be working to identify multi-agency solutions to meet that need over time.

With the on-going effort to flatten the corona virus curve, TNHA will be electing to host these meetings via online with the option to dial in via phone. Please visit our website @ [www.TNHA.info](http://www.TNHA.info) for more information, including an upcoming Housing Needs Assessment Survey where you may be eligible to receive a FREE Digital Amazon Gift Card.
